## EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.E.	Vidyavardhini's College of Engineering and Technology	8.07 (Current)	2022-Present
Senior Secondary	CBSE Board (AISSCE)	74.00%	2022
Secondary	CBSE Board (AISSE)	94.20%	2020

## EXPERIENCE

- Citius Cloud** Jun. 2024 - Jul. 2024  
*Academic Intern* Mumbai, India
  - Implemented RNNs, Transformers, & RAG models using PyTorch/TensorFlow.
  - Fine-tuned BERT, RoBERTa, & LLAMA with Hugging Face & prompt engineering.
- Prodigy InfoTech** Feb. 2024 - Mar. 2024  
*Intern* Mumbai, India
  - Performed EDA, model training, and visualization using Python.
  - Built predictive ML models with pandas, scikit-learn, and matplotlib.

## PROJECTS

- FinSlash – AI Loan Chatbot** Dec. 2024  
*Python, Streamlit, Logistic Regression* Github | Live Demo
  - Deployed backend-driven chatbot using logistic regression to evaluate loan eligibility from financial input.
- LawPal – Legal Chatbot with Voice Assistant** Jan. 2025 – Mar. 2025  
*Flask, Pinecone, React* Github
  - Built Flask-based RAG chatbot backend with semantic legal search and voice-enabled navigation.
- CineSLEUTH – Movie Recommender** Jan. 2024  
*Flask, TMDB API* Github | Live Demo
  - Deployed Flask app for movie recommendations using TMDB content filtering.
- Rento – Rental Listing Web-App for Engineers** Oct. 2023 – Dec. 2023  
*HTML, CSS, JS, Django* Github
  - Optimized Django backend with CRUD, auth, & MySQL integration to boost rental listing efficiency.

## SKILLS

- Programming Languages:** Python, C, SQL, HTML, CSS
- Frameworks & Tools:** Flask, Django, Power BI, Figma
- AI/ML Skills:** Prompt Engineering, Computer Vision (OpenCV), Chatbot Logic Design
- Soft Skills:** Product Management, Problem Solving, Adaptability, Teamwork

## CERTIFICATIONS

- Machine Learning:** Fundamentals of Machine Learning (Microsoft Learn)
- Deep Learning:** Accelerating Deep Learning with GPUs (Cognitive Class by IBM)
- Data Analytics:** Data Analytics – Godrej Infotech Ltd (Centum Foundation) & Data Visualization Fundamentals (Microsoft Learn)
- Computer Vision:** Build a Face Recognition App using Python (GUVI)

## LEADERSHIP & EXTRACURRICULAR

- Outreach Associate**, Microsoft Learn Students Club, VCET Aug. 2024 - Present
  - Collaborated on outreach initiatives & media tasks, enhancing club engagement & honing leadership & communication skills.
- Team Lead**, VNPS '25 Apr. 2025
  - Led a team of 3 in developing and presenting LawPal, a full-stack AI-powered legal assistant, at the VNPS Product Showcase.
- BCG GenAI Job Simulation on Forge**, AI chatbot for analyzing SEC filings.
- EA Product Management Job Simulation on Forge**, Mastered KPIs and data presentation for mobile games.
